ARDERSIER PORT REDEVELOPMENT Removal of Old Quay wall piling

Mariners are reminded that Ardersier Port is being redeveloped into an Energy Transition Facility and remains closed to commercial and leisure traffic until the work is completed.

Large scale Quay developments are underway, and marine contract craft are and will be engaged with the works.

Following construction of a new Quay wall, built ashore and behind the original Quayside, the 1970's original Quay wall and sheet piling will be removed as the next stage of this project.

Mariners should maintain a good look out when transiting the South Riff bank channel and particularly when in the vicinity of the Ardersier Port area of jurisdiction keeping well clear of the Port entrance and working marine craft.
